

# M S ASHIQUE RAHMAN

WEB DEVELOPER | GRAPHIC DESIGNER | UI/UX DESIGNER

[ashqrahmn@hotmail.com](mailto:ashqrahmn@hotmail.com) | [Portfolio](#) | [LinkedIn](#) | [GitHub](#) | +91 9745078116

## WORK EXPERIENCE

---

### Graphic Designer

Sep 2020 – Aug 2021

*Studybored, Ernakulam*

- Designed UI mockups for web and mobile using Figma and Adobe XD
- Worked with frontend developers to keep designs consistent and user-friendly
- Improved how the app looked and felt, which helped keep users more engaged
- Made graphics for banners and social media to support product promotions
- Shared design ideas in team discussions and made changes based on feedback

## INTERNSHIP

---

### Python Django Developer

Feb 2020 – Aug 2020

*MitraTech, Ernakulam*

- Learned how to build websites using Python and Django
- Wrote models, views, and forms to handle basic backend tasks
- Used Django ORM to work with databases
- Got experience building and testing simple web apps in a team setup
- Helped with small tasks like fixing bugs and making changes based on team feedback

## TECHNICAL SKILLS

---

**Languages:** JavaScript, Python, Java, C

**Front-End:** React.js, HTML5, CSS3, Tailwind CSS

**Back-End:** Node.js, Express.js, Flask, Django, REST APIs

**Databases:** MongoDB, SQL

**Tools & Platforms:** Git, GitHub, VS Code, Postman

**Design:** Photoshop, Illustrator, Figma, Adobe XD

## PROJECTS

---

### NuBlog | [LINK](#)

React.js | Node.js | Express.js | MongoDB

- Built a blog website where people can post articles and others can read them easily
- Made an admin panel to manage blog posts, categories, and email subscribers
- Kept the design simple so readers could find and read posts without confusion
- Added a secure login system so only the admin can access and update the content

reXer | [LINK](#)

React.js | Node.js | Express.js | MongoDB

- Made a full-stack note app where users can sign up, log in, and manage their note
- Notes can be organized using colors, tags, and pinning options
- Included a search feature so users can quickly find what they need
- The layout works well on both desktop and mobile devices

### MyInterview

React.js | Flask | Python | SQL | Java Android

- Worked on an interview platform with a user app and a web portal for admin and companies
- Admin approves company registrations and manages mock interview content
- Users attend mock interviews by selecting a job title or join job interviews using a code shared by companies
- Helped users improve interview skills and access job opportunities through guided practice and feedback.

### GoQRide

React.js | Node.js | SQL | Java Android

- Designed a bus ticketing system with a web panel for admin and an app for passengers and conductor.
- Passengers scan a QR code to book tickets and apply for concessions.
- Conductors access their assigned bus to view booked tickets and scan user QR codes to issue new ones.
- Admins manage buses, assign routes, approve conductors, and monitor trips and revenue.
- Made booking easier and faster by removing manual steps.

## EDUCATION

---

<b>Bachelor of Technology in Computer Science</b> <i>University College of Engineering, Idukki</i>	2021 - 2024
<b>Diploma in Computer Engineering</b> <i>AL Azhar Polytechnic College, Idukki</i>	2016 - 2019
<b>Higher Secondary Certificate in Computer Science</b> <i>St. Joseph Higher Secondary School, Ernakulam</i>	2014 - 2016

## CERTIFICATIONS

---

<b>Google Cybersecurity (Coursera)   <a href="#">CERTIFICATE</a></b>	Jul 2024
<b>Google AI Essentials (Coursera)   <a href="#">CERTIFICATE</a></b>	Jun 2024
<b>The Joy of Computing Using Python (NPTEL)   <a href="#">CERTIFICATE</a></b>	Jun 2023
<b>Python Django Developer (MitraTech)   <a href="#">CERTIFICATE</a></b>	Aug 2020
